Every brick is unique

Part of the beauty of clay bricks is that no two are identical. The kiln firing process, as well as the raw materials, can create a natural colour and texture variation - not only within packs but also from pack to pack.

The product images in our brochures give a general indication of colour for your preliminary selection.

We also recommend you view current product samples and look at actual finished projects before making your final decision.

San Selmo

a taste of italy

The richly textured San Selmo Reclaimed range brings with it a strong European heritage. These elegant kiln-fired clay bricks are manufactured in Italy and feature a beautiful, tactile surface inspired by recycled bricks. The result is a distinctive rustic finish that will create a genuine warmth in any project. Ideal for both modern and traditional homes.

San Selmo Reclaimed

Available in a solid 230 L x 70 W x 76 H mm as well as facing and corner facings.

For further details on the installation of facings and corner facings, please refer to www.australbricks.com.au/product-information
